FYI. Let me know if there is interest in a briefing on this.

Thanks,

Ryan

Ryan,

We were asked to provide several items related to the CRD inorganics byproduct negotiated rulemaking, including a report out from this week's public meeting and a list of the potential members. You will find both of those materials attached to this email. In addition, we are including a copy of the agenda from the public meeting and a background piece on the reg-neg process.

If Nancy is interested, we can schedule a time early next week to brief her and Wendy on the CDR reg-neg process as a whole. Let us know if there are any other materials that would be helpful.

Thank you,

Andrea
